# CYO Sports

Participation in CYO sports is offered to all MCES students and active members of Monroe Vicariate Parishes. CYO sports allow our athletes the opportunity to develop self-confidence in their athletic skills while participating in a faith based program. Teamwork, sportsmanship, determination and goal setting are all skills that CYO athletes embrace.

Teams are formed based on the athletes parish or school in which they are attending or are members. Every athlete has a chance to participate. Games are scheduled around school and parish activities
