A Note from your PTO President

Hello MCES. Many of you know, I have been apart of the PTO officers since collaboration five years ago. Our current PTO Officers have been in their roles for the past three school years. At this time, all members of the board are looking to step down from their PTO roles and move on to other roles within MCES.

Besides the events for our students, like the middle school dances, daddy daughter dance, welcome back bowling, Easter egg hunt, trunk or treat, breakfast with Santa and mother/son bowling, at the end of each school year the PTO looks at what we achieved through our events and fundraising efforts and allocate to many things within MCES. The PTO board provides the incoming 5th Grade classes with their study bibles they will use throughout their middle school career. We provide funds to enhance our technology throughout all three campuses. We provide support to our new faculty members with their catechist certification fees. We provide supplies to the second grade classes to continue their story book quilt project. We provide the graduating class with a keepsake and reception at the end of the school year. We provide a token of appreciation to all our administrative assistants at our campuses as well as our parish rectories on Professional Administrative Assistant Day. Our faculty receive gifts twice a year (at Christmas and during Teacher Appreciation Week). We provide refreshment for all our grandparents during our grandparent celebrations in October. Most recently we added Field Day to bring all our campuses together for an end of the year celebration. We are very proud of the many things we've provided to MCES on a yearly basis. We are continuing to research and explore other areas throughout MCES where we can assist.

Those of you who know me or have worked with me, know when I take a role on, I own it! I am sure having given my all in my roles within the PTO, I've created an intimidating picture. Please remember that I am fortunate enough to be a stay-at-home Mom with the time and opportunity to put forth the energy I have as a member of the PTO board over the years. With that being said, PTO has been established well and anyone can easily take over as a working parent or not. Each event has a working binder to help guide chairpersons and officers and give them a reference to see what was done in previous years. Past event chairs and past officers are more than willing to offer guidance and advice.

The PTO board is made up of a president, vice-president, treasurer, secretary and three campus leaders. The 2017-2018 school year events calendar and budget have already been established. What the board is proposing is that at our first PTO meeting in September to hold an election for the board positions. At that time, the new board would shadow the current board until the new calendar year of January 2018. The current board then would step back and be available to the new board during the transition of the remainder of the school year. Unfortunately, if a PTO board can not be put together, all the wonderful things the PTO provides to our students and campuses may not continue. Please consider taking on a role with the PTO board. Visit our website at www.mcespto.weebly.com and read the descriptions of the board members. Ask any of our officers questions you may have regarding any role. The MCES PTO needs you!! Considering being a part of this group.

Thank you so much,

Kim Blackmore
