

January 10, 2022

Dear MCES Families,

This weekend we have seen a slight uptick in cases within the MCES Community and several classrooms have had to move to virtual learning due to exposure. We are committed to maintaining in person instruction, however, with the increased cases, we need your help as we head into another week:

1. **PLEASE have your children wear a mask to school.** We recognize that it is a choice at this time, however, masks will help reduce spread and keep our faculty and your child's classmates healthier. Beginning today, all faculty and staff will be wearing face coverings whenever in the presence of others when indoors. If you are visiting our campuses, please wear a mask, as well.
2. If your child has been exposed or is not feeling well, keep them home. Report positive COVID test results to your campus office.
3. Consider subbing for MCES. If you have the time, 90+ college credits (teaching certificate not required), and any interest in serving as a substitute, please [click here](#) to express your interest. The job description can be found [here](#). We will contact you for an interview.

Thank you for your patience and support through this challenging stretch—together in Christ.

God Bless,

Kyle Kubik
MCES Executive Principal
