With the sunset of the Staff App, we have received questions on how to access FACTS SIS on your smart devices. At FACTS, we have mobile optimization and the best way to access FACTS SIS on your phone or tablet is to save the mobile browser to your home screen- it will look just like an app! Not sure how to do this? See below!

On the iPhone:

Go to your safari browser and search factsmgt.com

Go to log in

Click the upload button at the bottom of your screen  $\rightarrow$   $\stackrel{[]}{\longrightarrow}$  and add the page to your home screen

On an Android:

- Launch "Chrome" app.
- Open the website or web page you want to pin to your home screen.
- Tap the menu icon (3 dots in upper right-hand corner) and tap Add to homescreen.
- You'll be able to enter a name for the shortcut and then Chrome will add it to your home screen.
